

Dr. Chalavadi Vishnu
Assistant Professor (CSE)

Aug 11th, 2025

Internship Completion Certificate

This is to certify that **Mr. Kowshik Thatinati**, 3rd Year Student at Keshav Memorial College of Engineering, Hyderabad has carried out his internship in **SEVA** (Secure and Efficient Vision for Autonomous Systems) **Lab** of our Department of Computer Science and Engineering at **Indian Institute of Technology Tirupati** in **Offline Mode** from **10th May 2025 to 10th August 2025** under my supervision.

During his internship, he extensively worked on the project of ***Adversarial Attacks on Object Detection Models in Indian Traffic Scenarios***, where he explored and implemented various adversarial noise generation techniques along with object detection models, through quantized YOLO architectures.

I observed that he is quite well-versed in adapting to multiple programming languages, computer vision techniques, and deep learning libraries, along with being dedicated to his work with an interest in optimizing the feature learning pipelines. I wish **Kowshik Thatinati** all the best in his future endeavors and commend the efforts during his time with the project.

Sincerely,

Dr. Chalavadi Vishnu
